## EB06377-T - Goat Anti-GAPDH (C Terminus)

### Loading Control Antibody - Trial

Size: 20µg specific antibody in 40µl

### Target Protein

**Principal Names:** GAPDH, glyceraldehyde-3-phosphate dehydrogenase, HGNC:4141, G3PD, GAPD, MGC88685, aging-associated gene 9 protein, glyceraldehyde 3-phosphate dehydrogenase, epididymis secretory sperm binding protein Li 162eP, HEL-S-162eP, peptidyl-cysteine S-nitrosylase GAPDH

**Official Symbol:** GAPDH

**Accession Number(s):** NP\_002037.2

**Human GeneID(s):** [2597](#)

**Important Comments:** GAPDH is constitutively expressed in almost all tissues at high levels. It is therefore a useful marker when a loading/positive control is required in western blotting.

### Immunogen

Peptide with sequence C-HQVVSSDFNSDT, from the C Terminus of the protein sequence according to NP\_002037.2.

Please note the [peptide](#) is available for sale.

### Purification and Storage

Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide.

Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin.

Aliquot and store at -20°C. Minimize freezing and thawing.

### Applications Tested

**Peptide ELISA:** antibody detection limit dilution 1:1000.

**Western blot:** Approx. 37kDa band observed in lysates of cell lines HeLa, HEK293, LNCaP and A549, and in Human Liver lysates (calculated MW of 36.1kDa according to NP\_002037). Recommended concentration: 0.1-0.5µg/ml. Primary incubation 1 hour at room temperature.

**Positive Control:** A batch specific positive control lysate is available for this product. Please contact [Sales@everestbiotech.com](mailto:Sales@everestbiotech.com) for availability.

**IHC:** Paraffin embedded Human Kidney. Recommended concentration: 5-6µg/ml.

**Immunofluorescence:** Strong expression of the protein seen in the cytoplasm and plasma membranes of HeLa cells. Recommended concentration: 10µg/ml.

### Species Reactivity

**Tested:** Human

**Expected from sequence similarity:** Human, Mouse, Dog, Pig
