

# EBP07190 - IMMUNIZING PEPTIDE

**SKU:** EBP07190

## SPECIFICATIONS

|                              |                                                                                                                                                                                                                                   |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Formulation</b>           | 100µg of Lyophilised peptide, formulation De-ionized (DI) water.                                                                                                                                                                  |
| <b>Unit Size</b>             | 100 µg                                                                                                                                                                                                                            |
| <b>Storage</b>               | Shipped at ambient temperature, store at -20°C.                                                                                                                                                                                   |
| <b>Instructions</b>          |                                                                                                                                                                                                                                   |
| <b>Accession ID</b>          | NP_001256.1                                                                                                                                                                                                                       |
| <b>Immunogen</b>             | Peptide with sequence EQLSPGGQRRNLCE, from the internal region of the protein sequence according to NP_001256.1.                                                                                                                  |
| <b>Product</b>               | The peptide was used in the production of EBP07190 - Goat Anti-CDX2 Antibody. It is currently untested in blocking applications.                                                                                                  |
| <b>Comments</b>              |                                                                                                                                                                                                                                   |
| <b>Peptide Sequence</b>      | EQLSPGGQRRNLCE                                                                                                                                                                                                                    |
| <b>Shipping Instructions</b> | Ambient                                                                                                                                                                                                                           |
