

# EBP08116 - IMMUNIZING PEPTIDE

**SKU:** EBP08116

---

## SPECIFICATIONS

|                              |                                                                                                                                                                                                                                         |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Formulation</b>           | 100µg of Lyophilised peptide, formulation De-ionized (DI) water.                                                                                                                                                                        |
| <b>Unit Size</b>             | 100 µg                                                                                                                                                                                                                                  |
| <b>Storage Instructions</b>  | Shipped at ambient temperature, store at -20°C.                                                                                                                                                                                         |
| <b>Accession ID</b>          | NP_078928.3                                                                                                                                                                                                                             |
| <b>Immunogen</b>             | Peptide with sequence C-ELPTEPTDDNP, from the internal region of the protein sequence according to NP_078928.3.                                                                                                                         |
| <b>Product Comments</b>      | The peptide was used in the production of EB08116 - Goat Anti-Leucine-rich repeat kinase 1 Antibody. It is currently untested in blocking applications.                                                                                 |
| <b>Peptide Sequence</b>      | C-ELPTEPTDDNP                                                                                                                                                                                                                           |
| <b>Shipping Instructions</b> | Ambient                                                                                                                                                                                                                                 |
