

# EBP10419 - IMMUNIZING PEPTIDE

**SKU:** EBP10419

---

## SPECIFICATIONS

|                              |                                                                                                                                                                                                                                   |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Formulation</b>           | 100µg of Lyophilised peptide, formulation De-ionized (DI) water.                                                                                                                                                                  |
| <b>Unit Size</b>             | 100 µg                                                                                                                                                                                                                            |
| <b>Storage</b>               | Shipped at ambient temperature, store at -20°C.                                                                                                                                                                                   |
| <b>Instructions</b>          |                                                                                                                                                                                                                                   |
| <b>Accession ID</b>          | NP_064440.1; NP_002113.2                                                                                                                                                                                                          |
| <b>Immunogen</b>             | Peptide with sequence C-QGLRSVGASRH, from the C Terminus of the protein sequence according to NP_064440.1; NP_002113.2.                                                                                                           |
| <b>Product Comments</b>      | The peptide was used in the production of EBP10419 - Goat Anti-HLA-DQA2 & HLA-DQA1 Antibody. It is currently untested in blocking applications.                                                                                   |
| <b>Peptide Sequence</b>      | C-QGLRSVGASRH                                                                                                                                                                                                                     |
| <b>Shipping Instructions</b> | Ambient                                                                                                                                                                                                                           |
